Dear MM Kloster & Kristensen,

I am pleased to inform you that thanks to your help and your warm cooperation during my last visit in Varde, I got all necessary information and technical facts I needed about your unused RAC radars.

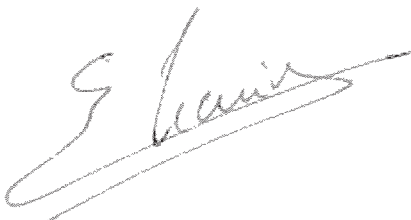

Consequently, I have been able to go through the process of building a commercial offer for our customer interested by having 2nd hands RAC radars.

I wanted to thank you very much for the help you gave me to do it.

I appreciate the reliable climate of our collaboration and the constructive exchanges between Vaerksted Danmark in Varde and THALES.

I wish this new impulse in our cooperation will give us the opportunity to better satisfy the users of THALES equipment in their operational needs.

Looking forward to reading from you very soon, best regards,

Etienne LECUIVRE
